

# Spring Fling Fun

The sun is shining bright  
The birds are taking flight  
The flowers are in sight  
Spring is here, oh what a delight!

The bees are buzzing around  
The baby animals can be found  
The green leaves are all around  
Spring is here, let's dance on the ground!

The rain is falling down  
But it won't bring us down  
It helps the flowers grow around  
Spring is here, let's go and explore the town!

So let's enjoy the springtime fun  
And let our laughter run  
The best time of year has begun  
Spring, spring, let's have some fun!
