

Summer Scavenger Hunt

Mark the Summer items on the list as you find them using the round check boxes on the left side of the sheet.

Name: _____

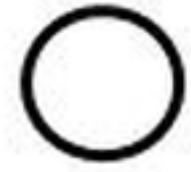

smooth rock

Look for something that's not bumpy, and feels nice and flat in your hand.

feather

Keep an eye out for something light and fluffy that might have fallen off a bird

pinecone

Look for something that's shaped like a cone and might have seeds inside

flower

Keep an eye out for something colorful and pretty growing in the grass or on a tree

leaf

Find a leaf that's not on the ground, and compare its shape and color to the other leaves you see

blade of grass

Pick a single blade of grass and compare it to the other blades around it.

butterfly/insect

Watch carefully for a fluttering insect or a tiny creature crawling on a leaf.

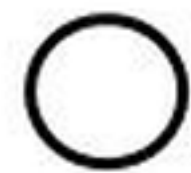

Twig or stick

Look for something that's long and skinny, and might be useful for building or drawing.

bee

Look for a bee collecting nectar from a flower.

Seed or nut

Find something small and hard that might have come from a tree or a plant.
