

DEER SONG

I'm a Little deer, with spots so brown

I Live in the forest, where I run around

I have big ears, to hear the sound

I have soft fur, to keep me warm on the ground

I eat Leaves and grass, and drink from the stream

I Love to play, and jump and dream

I have a mom and dad, who Love me so

They teach me how to survive, and how to grow

So, if you see me, don't be afraid

I'm just a Little deer, out in the forest glade

I'm curious and shy, but also wild and free

I'm happy in my home, in the forest with my family!
